

Key Officers of Foreign Service Posts

Guide for Business Representatives

Winter
1993-1994

Thomas Jefferson
Secretary of State
1789-1793

It is most important that correspondence to a Foreign Service post be addressed to a section or position rather than to an officer by name. This will eliminate delays resulting from the forwarding of official mail to officers who have transferred. Normally, correspondence concerning commercial matters should be addressed simply "Commercial Section" followed by the name and correct mailing address of the post. (Examples of correct mailing addresses appear on page xii.)

KEY OFFICERS OF FOREIGN SERVICE POSTS

Guide for Business Representatives

Doing Business Overseas—Your First Point of Contact

If you are planning a trip overseas or need information about doing business overseas, your first point of contact should be the nearest U.S. Department of Commerce District Office.

There are 47 District Offices and 21 Branch Offices in cities throughout the U.S. and Puerto Rico staffed by trade specialists from the U.S. and Foreign Commercial Service (US&FCS). These District Offices provide information on foreign markets, agent/distributor location services, trade leads, and counseling on business opportunities.

All District Offices have access to the National Trade Data Bank, a “one-stop” computerized source for current export promotion and country-specific trade data collected by 17 U.S. Government agencies.

It is strongly recommended that business representatives inform the District Office of their plans to travel overseas. The District Office will notify Commercial Sections in overseas posts of the upcoming visit to ensure that they are adequately prepared to help.

The Key Officers Guide lists key officers at Foreign Service posts with whom American business representatives would most likely have contact. All embassies, missions, consulates general, and consulates are listed.

At the head of each U.S. diplomatic mission are the Chief of Mission (with the title of *Ambassador*, *Minister*, or *Charge d’Affaires*) and the Deputy Chief of Mission. These officers are responsible for all components of the U.S. Mission within a country, including consular posts.

Commercial Officers assist U.S. business through: arranging appointments with local business and government officials; counseling on local trade regulations, laws, and customs; identifying importers, buyers, agents, distributors, and joint venture part-

ners for U.S. firms; and other business assistance. At larger posts, trade specialists of the US&FCS perform these functions. At smaller posts, commercial interests are represented by Economic/Commercial Officers from the Department of State.

Commercial Officers for Tourism implement marketing programs to expand inbound tourism, increase the export competitiveness of U.S. travel companies, and strengthen the international trade position of the United States. They are employees of the U.S. Travel and Tourism Administration (USTTA), an agency of the U.S. Department of Commerce with offices in various countries. Additional important markets in Europe, Asia, the Pacific, and Latin America are covered by FCS and the private sector under USTTA leadership.

Economic Officers analyze and report on macroeconomic trends and trade policies and their implications for U.S. policies and programs.

Financial Attaches analyze and report on major financial developments.

Political Officers analyze and report on political developments and their potential impact on U.S. interests.

Labor Officers follow the activities of labor organizations to supply such information as wages, nonwage costs, social security regulations, labor attitudes toward American investments, etc.

Consular Officers extend to U.S. citizens and their property abroad the protection of the U.S. Government. They maintain lists of local attorneys, act as liaison with police and other officials, and have the authority to notarize documents. The Department recommends that business representatives residing overseas register with the consular officer; in troubled areas, even travelers are advised to register.

Administrative Officers are responsible for normal business operations of the post, including purchasing for the post and its commissary.

Regional Security Officers are responsible for providing physical, procedural, and personnel security services to U.S. diplomatic facilities and personnel; their responsibilities extend to providing in-country security briefings and threat assessments to business executives.

Security Assistance Officers are responsible for Defense Cooperation in Armaments and foreign

military sales to include functioning as primary in-country point of contact for U.S. Defense Industry.

Scientific Attaches follow scientific and technological developments in the country.

Agricultural Officers promote the export of U.S. agricultural products and report on agricultural production and market developments in their area.

AID Mission Directors are responsible for AID programs, including dollar and local currency loans, grants, and technical assistance.

Public Affairs Officers are the press and cultural affairs specialists and maintain close contact with the local press.

Legal Attaches serve as representatives to the U.S. Department of Justice on criminal matters.

Communications Programs Officers are responsible for the telecommunications, telephone, radio, diplomatic pouches, and records management programs within the diplomatic mission. They maintain close contact with the host government's information/communications authorities on operational matters.

Information Systems Managers are responsible for the post's unclassified information systems, database management, programming, and operational needs. They provide liaison with appropriate commercial contacts in the information field to enhance the post's systems integrity.

Animal and Plant Health Inspection Service Officers are responsible for animal and plant health issues as they impact U.S. trade and in protecting U.S. agriculture from foreign pests and diseases. They expedite U.S. exports in the area of technical sanitary and phytosanitary (S&P) regulations.

U.S. Department of State and Commerce Country Desk Officers

Both the Departments of State and Commerce have country desk officers based in Washington, D.C., who track developments in specific countries.

International Economic Policy (IEP) country desk officers in the Department of Commerce collect information on individual country regulations, tariffs, business practices, economic and political developments, trade data, and market size and growth, keeping a current pulse on the potential

markets for U.S. products, services, and investments.

IEP has several regional business information centers that focus on new opportunities for trade and investment in various parts of the world: the former Soviet Union, Eastern Europe, Japan, Latin America and the Caribbean, and the European Community.

For a specific country desk officer or regional business center, call (202) 482-3022.

Country desk officers at the Department of State maintain regular contact with overseas diplomatic missions and can provide country-specific economic and political analysis for U.S. companies.

For a specific State Department country desk officer, call (202) 647-4000.

The Department of State, Bureau of Diplomatic Security, can also provide current data on the security situation to interested persons planning trips abroad. American business representatives desiring this information should contact the Diplomatic Security Service, Overseas Support Programs Division, (202) 647-3122.

Department of State Coordinator for Business Affairs

To ensure that the Department of State provides consistent, effective support to U.S. businesses overseas, the Secretary of State has established a Coordinator for Business Affairs. You should consider the Coordinator for Business Affairs your principal point of contact for business concerns within the Department of State. Tel. (202) 647-1942; FAX (202) 647-5713.

Trade Information Center

For general information about U.S. Government export promotion programs, you should contact the Trade Information Center. It provides information on Federal programs and activities that support U.S. exports, information on overseas markets and industry trends, and a computerized calendar of U.S. Government-sponsored domestic and overseas trade events. The center's nationwide toll-free number is: 1-800-USA-TRADE (1-800-872-8723).

A special line is available for those who are deaf or hearing-impaired: TDD 1-800-833-8723.

NOTE: Do not combine any of the above forms (e.g., international plus APO/FPO addresses). This will only result in confusion and possible delays in delivery. Mail sent to the Department for delivery through its pouch system for posts with APO/FPO addresses cannot be accepted and will be returned to the sender.

The Military Post Service Agency (MPSA) is in the process of aligning APO/FPO numbers, according to geographic location, that became effective July 15, 1991. The APO/FPO and the U.S. Postal Service (USPS) will provide service under both the old and new APO/FPO numbers until July 15, 1992.

Every person and organization overseas served by the MPSA gets assigned a new address. For some, the change includes a new ZIP Code, but for all, the structure of the last two lines of the address changes. New York, San Francisco, and Miami are no longer used with the ZIP Code. AE, AP, and AA will be used. This change will enable the MPSA mail to be processed on automated equipment and will result in better mail service.

* Use domestic postage.

** Use international postage.

STATE ZIP CODES

In conjunction with the U.S. Postal Service's new system of 9-digit ZIP Codes, the Department of State has assigned a unique 4-digit number to each Foreign Service post. All mail sent through the Department's pouch system (for posts without APO/FPO addresses) should add the 4-digit number to the current ZIP Code 20521. For example, the new ZIP Code for Abidjan would be 20521-2010; for Abu Dhabi, 20521-6010. Refer to the following list for each Foreign Service post's unique number.

TELEPHONING A FOREIGN SERVICE POST

Below is the procedure for telephoning a Foreign Service post. American Embassy Canberra is used as an example.

Calling From a U.S. Government Agency:

Dial 9 + international access code + country code + city code + local number

Ex: 9 + 011 + [61] + (6) + 2705000

Others:

Dial international access code + country code + city code + local number

Ex: 011 + [61] + (6) + 2705000

NOTE: Some international calls will require operator assistance because the country is not an international dial country. The telephone listing for these countries will not be preceded by a country code and city code (always shown in brackets and parentheses).

Calls to certain points outside the continental U.S. can be dialed in the same manner as long distance. Simply dial the area code or country code and the local number. For these locations, no city code will appear with the telephone number.
